

Air Insert

Our all new Air Insert product is based on our very-high-risk Woven Air cushion which is well proven and providing the market with unparalleled results for prescribers and users alike. Our insert is now on offer to the market for third party applications too.

EXAMPLE APPLICATIONS

- ★ Custom moulded seating systems
- ★ Foot protection via a wheelchair footplate
- ★ Backrest options
- ★ Armrest options

True to our portfolio, FormAlign's truly component based range is designed for the prescriber to create and deliver the outcome required.
